PRODUCT DESCRIPTION

DESIGNED BY JOHN BOLLEN 2000

SIMPLA®

Simpla is a four-legged, lightweight table system with a 'lift off' top and a unique flat folding frame, folding within its own length. It is intended for use in training, meeting and conference environments. The separate top and frame elements make the setting up and storing away an easy process even for just one person, probably the trainer him or herself! The folded frame has a thickness of only 80 mm, and with the purpose designed trolley, 8 tables can be wheeled away for storing thereby saving valuable space. Simpla won a Best of NeoCon award in 2001.

DESCRIPTION

Two-piece table with flat folding frame and lift-off top intended for use in training, meeting, conference and lounge environments.

PRODUCT DETAILS

TABLETOPS

Stores up to 8 tables, adjustable, sizes 40"-72". Height: 74.8", depth: 33.1", width: 35.4" to 59.1". Goes through a normal doorway.

ERGONOMICS & ENVIRONMENT

Due to the two-piece construction of the Simpla table, it is easy to manage for one person. No heavy lifts are required. All parts of the table can be dismantled and recycled.

TESTS

The table is designed for severe contract use and has been subject to a variety of tests to ensure its highest quality and durability.

The furniture is tested by third-party organizations and passed testing according to the required EN and BIFMA standards, staying also in line with strict emission regulations.

All the certificates are available for access and download [here](#).

WARRANTIES

HOWE a/s gives a 5 years guarantee on all Simpla tables against weld breakages, defective material, workmanship and performance under normal use.

For full information please see the warranty provision on howe.com.

AWARDS

Simpla won silver medal in Best of NeoCon in 2001.
