

A PROMISE OF SUSTAINABLE PARTNERSHIP: HOWE'S TAKE BACK OPTION

Introduced in 2011, HOWE's Take Back Option isn't just a policy - it's a PRODUCT STEWARDSHIP PROMISE that secures a circular economy partnership with you. We commit to maximizing the life and value of your furniture, ensuring your investment aligns with the most ambitious sustainability and social responsibility goals.

VALUE ADDED: BEYOND THE SALE

Our program guarantees that your furniture's end-of-life becomes a positive force, creating value for the environment and the community.

Value focus	Your guarantee	Our commitment in action
Environmental legacy	You will achieve demonstrable circularity outcomes.	We prioritize durability and guarantee that returned items will not go to a landfill. We either Reuse the product to extend its life or Recycle all materials, drastically reducing the demand for new raw resources.
Social Impact	Your furniture purchase will transform into a tangible social contribution.	Products in suitable condition are channelled as donations to approved public benefit organizations globally (e.g., schools, hospitals). Your investment pays forward.
Effortless disposition	You get a simple, responsible, and cost-efficient solution for asset retirement.	We provide a structured process for return and manage all subsequent steps - inspection, sorting, and final placement - offering you a better alternative to complex and costly local disposal.

THE SIMPLE PARTNERSHIP PROCESS

We've made the end-of-life process simple and clear:

REQUEST:
Submit a Take Back request with the original invoice details and photos.

COMMITMENT:
HOWE commits to either Reuse (for donation) or Recycle (for material recovery) your items.

RETURN:
You arrange shipping to a HOWE-designated warehouse.

PROOF OF PROMISE:
We manage all logistics of inspection and final placement, delivering on our promise of a responsible, sustainable furniture lifecycle.
