

Moveo is a handsome new generation 'flip top' table system for meeting and training applications, and in particular provides an excellent solution for the provision of power and data to the table top.

Polished die-cast aluminium bases, natural anodised extruded aluminium leg columns with clip in vertical cable managers and a powerbeam® housing for power and data socket sets, to be accessed through elegant anodised aluminium ports in the table top. Castors or glides as required.

TESTING AND WARRANTY

Moveo flip version is designed for severe contract use and has been subject to a variety of tests to ensure its highest quality and durability. The furniture is tested by third-party organizations and passed testing according to the required EN and BIFMA standards, staying also in line with strict emission regulations. All the certificates are available for access and download [here](#). Moveo carries the HOWE 10 year warranty.
