

# Welcome to the HOWE universe

We're very proud of our 100 years in business and the exciting history we have been a part of.

We are now a global company and a leader in our specialty, which is space saving, multi-functional furniture with superior design and quality.

But our ambitions are still high. We want to be the best, so we are constantly working to improve every aspect of our company.

We want to make a difference for our customers and be their preferred co-operation partner and supplier. We can only do that by delivering the most beautiful, most functional, and most durable products on the market.

At the same time, we must offer the best possible customer service, always giving the customer more than expected.

Last but not least, we want to be the world's best workplace and make sure that our talented and enthusiastic employees around the globe have the best possible working conditions.

We look forward to sharing our journey with you and delivering furniture that precisely fits your needs.
