storage

Large-format folding conference table - robust, mobile, and space-saving Tempest Fold is the large-format, folding variant of the Tempest conference family - a robust, space-saving folding table system for meeting, training and conferencing applications.

It combines a heavy-duty folding mechanism with easy single-person handling and high contract durability. The folding variant specifically addresses the need for large, yet flexible, conference tables.

QUALITY, TESTING & SUSTAINABILITY

- Designed for severe contract use - tested to EN and BIFMA standards.
- FSC®-certified options available.
- Designed for disassembly and recycling.
- Durable mechanical components; parts separable for end-of-life recycling.
- Backed by a 10-year HOWE warranty.
